

Krama Believe Volunteer Roles within Krama Yoga

These contributions are not monetary, but help support Krama in other ways, leading to higher donations, more visibility, and/or a more efficient organization. By offering your skills in teaching yoga, administration, photo/videography, grant writing, graphic design, fundraising, and more, you're contributing directly to the support and enhancement of Krama. Some of these position exchanges will occur in Phnom Penh, while others could be worked on from abroad.

Please pay special attention to the 'skills needed' information at the end of each description. Our limited resources do not allow for us to offer training in these areas, we are looking for volunteers who have the skills to begin or continue these roles independently.

We require volunteers to commit to a minimum of 2-3 months in order to be most beneficial to the organization. Please be prepared to commit to that time in order to fulfill these positions.
